Land to the state of the state of

By CY WARMAN.

(Copyright, 1800, by the Anthon.)
Along in the early eighties, when the
Deuver and Rio Grande was a narrow
gauge road and the main line by across

So rough and impenetrable was this let down from the top of the ennyon wall, hundreds of feet, by long ropes, Both the method and results when syrup of Figs is taken; it is pleasant and to this day, if you look up when t train goes round "Dead Man's Curve you will see a frayed out rope whipping contly yet promptly on the Kidneys, Liver and Bowels, cleaness the sys-tum effectually, dispels colds, headim gray tooks 500 feet above the river

ing the rail.

By the breaking of this rope a human life was lost, the first of many fives that have been lost in this wild canyon. In hes and fevers and cures habitual onstination. Syrup of Figs is the aly remedy of its kind ever prothe rush and harry to complete the road little attention was given to sloping the outs or making it safe for the neu who seed, pleasing to the taste and acride ahead. So when the spring came action and truly beneficial in it; and the snow began to melt on the ets, prepared only from the most mountains and moster the earth great lects, prepared only from the most salthy and agreeable substances, its the side of the canyon, carrying ratis, roadbed-in fact, everything but the right of way-across the river, where Syrup of Figs is for sale in 50 ent bottles by all leading d. an

left Gunnisen at a quarter past B Jack Walsh held the seat and Firenan Mc-Connell handled the scoop. The sharp eximinats from the straight stack sent up a sellid stream of fire as they hurried out through the yards. The brisk back of the bounding en-

e dwingled down to a faint cant and s drowned in the roar of til wheels the long train hurried away down W WRIG JT.
F et St., opposite Chia Stable Black canyon. The 1nn was regarded were equal to it, and at ever, station up to half past 11 the operator v red the el, 350. Co Alukea and Hotel Street r, the dispatcher the t. iin mas ENGROSSING AND ILLUMINATING and he the superintendent, "No. 7

ennell was really an old fireman. He had but recently returned to the road

R. SCHNEIDER, D. V. S.,
(This Stables Fort St solicitation of his good mother be had left the rall to return to his father' farm near Salina, Kan. He was a good ASSURANCE COMPANY Capital, - - \$6,000,000 Assets, - - \$9,000,000 anted to return to the Rockies. More than once every day he looked away to the west, where he know the trains were ang up and down, where the snow lay great drifts on one side of the track

He loves the isosmotive
As the flowers love the lea.
As the sour lerds love the semlight.
As the suitor loves the sen.

When the harvest had been cut and the golden grain garnered, the restless youth bale his parents adied and set his face toward the sunset. He had been

a faithful fireman and found no trouble in re-establishing himself in the service of the "Scenie" line. The "death rup" was a long one—135

miles over mountains and through can yons. They had crossed Goro summit and were new rearing along the canyon by the banks of the beautiful river.

The night grew warmer as they drifted down toward the valley of the Grande. The engineer sat stiently in his place, trying the water, whistling for

tations and watching the way The

awakened by the wild wall of the west bound express. As the long train rattled over the bridge beyond the little station the operator reached for the key and

made the wire say, No. 7 on time."
Beyond the bridge there was a bit of a tangent, a few hundred yards, and when they turned into it the fireman get down from his comfortable seat to fix the fire.

The driver released the brakes at the

saw the open mouth of Boubideau tun-nel, which, being on the shadow side of

another second he discerned what these

ive opened the throttle and sent the

flying into the river with less risk to his train, but they were lying down, and as they rolled under the wheels they

lifted the great engine from the rails

lifted the great engine from the rails and threw her down the dump at the very edge of the river. So well had the faithful engineer performed his work that the train was stopped without wreeking a car. Many of the passengers were not awakened. The trainmen came forward and found the engineer. He was able to speak to them. He knew what had happened and knew that he had but a few minures to live. These brave, rough men of the rail never hide anything from each other, and when he asked for his fireman they told him the fireman was dead.

As he lay there in the moonlight, with his head resting in the conductor's

fireman was dead.

all written in antograph originally does all his writing with his own Such documents he produces on for with pen and ink, turning off sheet sheet with scarcely a correction. An polation is rare in his manuscript. 1

The stranger with long hair had eaten a great breakfast in a Clurk street resterment and was making for the dince without set tiling when the cashier called to him:
"Here, sir! The mores?"
"Money? It's the engrossing topic of the "Money? It's the engrossing topic of the hour, and I'm not surprised that you exince a keen interest in it. I trust, sit, that you will agree with me when I say that the re-peal of the silver purchasing law will not greatly relieve the business world. The remedy must be more"—

-St. Louis Giobe-Democrat.

Just a Financial Discussion

"Oh, stow your tongue and out with the "I agree with you. The point is well aken. Wenith is a great blessing at all nes, but legislation cannot increase o minish the volume of currency. The firs eary is to strengthen the public

"Now, see here"—
"Pardon ru, but I have the statistics to
prove all that I say. I maintain that the
repeal of the Sherman law, as recently accomplished by congress, can only mitigate"—
Just then something hit him in the back, and he struck the curb on the other side of the street. As he gathered himself up and bunted for his hat he remarked:
"It strikes me as a mighty singular thing that some men cannot discuss the financial most has without figure into a passion."—

A French Ship Canal. The proposal to make a ship canal be-tween Bord-aux and Narbonne—that is to say, from the Atlantic to the Mediterra-nean—has been so frequently disca—ed that a definite statement as to its dimensions and estimated cost is of considerable interand estimated cost is of considerable inter-est. These statements have been pub-lished by M. Rene Kerviller, an emittent French engineer, who says that the canal would be 220 miles in length from sea to sea and would be from 144 to 225 feet bread, with a depth of fr "28 feet to 128 feet, so as to admit the passage of the largest iron class.

to admit the passage of the largest fron-clades.

There are to be sidings of three-quarters of a mile long at intervals of every eight miles, so as to facilitate navigation and avoid deflay of traffle, while there are to is 22 locks, each of which is to be about 0.25 feet long by 89 feet broad and with a fail of from 29 feet to 05 feet. The shigs using the canal are to be towed or to be drawn along by fixed engines, and M. Hene Kertiller e-timates that a canal of this kind wonlo-cest £27,80,000, and that the interest on the expital fring dormant while the canal was being made would amount to £2,000, 000 or more, or £2,400,000 to all, while the receipts, at 3 shillings a ton, would be, les-the cost of working and repairs, £2,4,6,000, perces-arting an interest of 5 per cent apon

representing an interest of 5 per centhe capital invested. - Landon Times

Green Sains.

It is a new theory that water crosses at beneficially on the lungs. It is a good the ory and practice, two that every dinner to ble, no matter how simple the bid of far should include green saind eaten win French dressing, of which lemon juice better to use as the acid than vinegar. At it is possible to have lettuce, cross, spront it is possible to have lettuce, cress, sprouts and the rest of the list all the year round with our modern market facilities this rule need know no exception. Skip the sweet, if necessary, and have the saind. New York Times.

To Prepare Ivory. Ivory may be prepared as a ground for miniature painting by cleansing the leaves or plates and rubbing them over with the juice of gartin. This will remove its greasy quality, which prevents the color from fixing on the ground, and it is said to be more useful than either soap or ox gall.—St. Louis Giobe-Democrat.
